Parents' Confidential Information

This form must be sent in by April 1st. After that, it is hard to deal with paperwork with everything going on at camp. Staff really, really pay attention to what is written on this paper. Please try to get it to us on time!

In order to be most helpful to your child in his/her adjustment to camp life, to sympathetically understand him/her, and to direct his/her growth and development, we are asking for the following confidential information.

This information is shared only with relevant staff, and will be used intelligently to assist your camper in getting the most from their camping experience. Your child will not see this form at camp. To support this, please have your camper fill out the camper letter first, before you fill out the informational section of this form.

Camper Letter

Each camper is asked to write a note to his or her counselor before camp begins. In this way, the counselors can help the campers feel welcome and know more about each child in his or her cabin group.

Campers, please complete this letter with some specific things you would like to do at camp this year, and include any special interests and/or camping experiences you hope to gain this summer. Other points to consider writing about are . . .nicknames, favorites, un-favorites, worries, joys, pets, jokes, and memories of camp if you've been before. Closer to the summer, you can read these things and many more about your counselor in their Camp Augusta bio. We look forward to reading a bit about you as well! J
